

Certificate

VDE geprüfte
Blitzschutz-Fachkraft
(Äußerer Blitzschutz)

In accordance with the VDE training guideline on lightning protection the special committee for lightning protection and lightning research of the VDE qualifies

Jan-Henrik Baur

as

VDE certified lightning protection specialist (external lightning protection)

after successful participation in the basic seminar "Lightning and surge protection" of the VdS Schadenverhütung training institution.

The person mentioned above is entitled to use the designation "VDE certified lightning protection specialist (external lightning protection)" for advertising purposes in accordance with the requirements of the VDE training guideline on lightning protection.

The validity of this certificate which will end on 08.11.2024, can be extended by participation in a relevant advanced seminar.

This certificate serves as evidence of technical qualification. Legal concerns of the crafts code or the industrial code are not affected hereby.

Munich, 08.11.2019 (ID: 0006279467)
